GLASS **HIGHBALL OR TIKI MUG** · ICE **CRUSHED OR SMALL CUBES**
GARNISH **MINT SPRIG**

BEFORE YOU START

- Have Donn's Mix made and chilled

SPEC

1 1/2 oz	45 ml	Jamaican aged rum
1 1/2 oz	45 ml	Puerto Rican aged rum
1 oz	30 ml	Overproof rum
1/8 tsp		Herbsaint or Pernod a bitters dasher measures it easily
3/4 oz	22.5 ml	Lime juice fresh
1/2 oz	15 ml	Donn's Mix see Donn's Mix card
1/2 oz	15 ml	Falernum syrup
1 tsp		Grenadine
1 dash		Angostura bitters

METHOD

1. Blend everything with about 1 cup of ice for about **5 seconds**, just long enough to chill and froth.
   ✓ *Frothy and cold, ice still in small pieces rather than slush*
2. No blender? Shake everything hard in a tin with ice instead.
3. Dump it all into the glass, ice included. No straining.
4. Top up with more ice if the glass isn't full, then add the mint sprig.

NOTES

Substitutions

- Jamaican aged rum: any big, funky rum with a savory edge fills the same slot.
- Puerto Rican aged rum: any lighter-bodied aged rum works.
- Specs vary widely, and Donn changed it himself over the years. Swap freely with what you have, as long as the tart and sour elements stay.

Uses
